Subject: Riverside LAFCO Contact Form Submission "Water services report for Murrieta"
Date: Friday, January 22, 2021 11:28:50 AM

From: Christine Rios
Subject: Water services report for Murrieta

Message Body:

The report says Rancho has the highest cost. Why should residents pay more for the same service we currently get from Western? Does the entire study area have to change water systems or can the vacant parcels in the south be transferred to Rancho and the homes in the north be transferred to Eastern or stay with Western? Are you going to send out this information to ALL the residents in Murrieta affected by this possible maneuver?
