FROM: Crystal M. Craig, Interim Executive Officer

SUBJECT: COMMITTEE ASSIGNMENTS FOR 2019

At the end of each year, in addition to selecting its Chair and Vice Chair, the Commission appoints members to its two standing committees, the Administrative Review Committee and the Legislative Committee, for the following year.

At its December meeting, the Commission postponed its Committee assignments until the full Commission had been appointed and seated. Holding off committee appointments was to gauge the interest of new members in serving on these committees.

The Administrative Review Committee, which addresses budget, fiscal and other administrative matters, includes the Chair and two other members. The current members are Chair Williams, Vice-Chair Tomanelli and Commissioner Sanchez, who was recently appointed to the Committee. In the past, the Commission has tried to maintain some continuity on this committee by retaining at least one member from the prior year. The Legislative Committee is comprised of two members. Commissioners Williams and Wright are the current members.

It is recommended that the Commission make appointments to the two standing committees for 2019.

Respectfully submitted,

Crystal M. Craig
Interim Executive Officer
